# Coffee Lectures

Our meetings take place in the University Library's conference room, a light and friendly room with technical infrastructure. We offer coffee, tea, biscuits - and a topic for the lecture in a relaxed atmosphere.

A coffee lecture promotes information sharing and discussions among participants (transfer of knowledge):

- the speaker gives the coffee lecture some structure (presentation / various topics): general information about RDM, legal requirements and data, data management plans and digital preservation
- the input of the participants helps to develop a discussion
- the presentation time is maximally 30 minutes plus time for input and discussion

*“At our library we believe that we can make a major and visible contribution to the success of Hildesheim University: first, by listening to and understanding the needs of our users – and offering services tailored to their needs.*

*Second, by using innovative technologies to improve our services. And third, by informing and alerting the presidential board of our university of new developments, opportunities, and risks.*

*This is especially important in a time when new digital technologies change the creation and dissemination of knowledge fundamentally”.*

(Dr. Ewald Brahms, Director of Hildesheim University Library)

The success of coffee lectures  
as a research-supported service by the library  
can be seen in connection with new information practices  
plus:

- good topics
- good advertising
- good coffee & a treat

The screenshot shows a webpage from the University of Hildesheim. At the top left is the university logo. To the right is a search bar and navigation links: 'Suche', 'Login', 'Impressum', 'Datenschutz', 'Studium', 'Forschung', 'Internationales', 'Öffentlichkeit', 'Einrichtungen', and 'Über uns'. The main content area has a title 'Coffee Lectures Forschungsdatenmanagement: Planen und Gestalten – der Datenmanagementplan' and a date 'Mittwoch, 05. Juni 2019 um 12:30 Uhr'. It mentions 'Hochschulöffentliche Kurzvorträge (ca. 30 Minuten) der Universitätsbibliothek zum Forschungsdatenmanagement' and 'Wo? Hauptcampus Uni Hildesheim, Bibliothek Raum B 107'. The author is 'Referent\_In: Annette Strauch, M.A.' and the guest is 'Gast: Dr. Torsten Rathmann (ZIM, Bergische Universität Wuppertal)'. The text discusses the importance of research data management and the role of the library. At the bottom, there is a '[zurück]' button and a 'Zum Veranstaltungskalender' link.
