

Rethinking the Law School

PRESENTED BY DR MIRAS DAULENOV

Brief history of the M. Narikbayev KAZGUU University

HOW WE STARTED

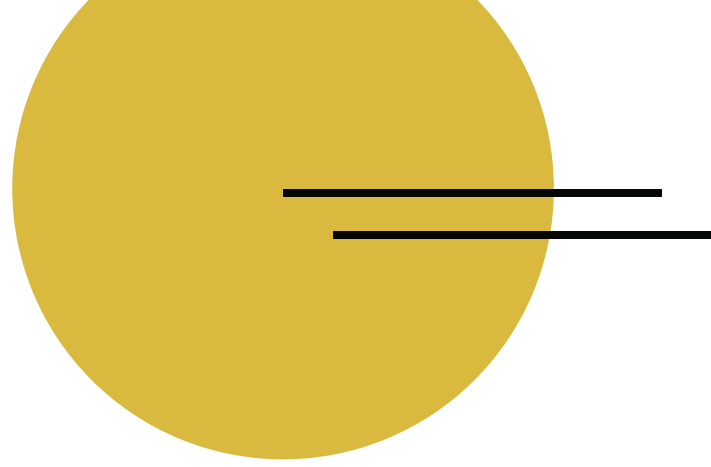

KAZGUU was established by the Decree of the President of the Republic of Kazakhstan in 1994 as the Institute under the Ministry of Justice of the Republic of Kazakhstan to train a new generation of lawyers.

I do not believe in science that is not related to practice, to education that is not related to practice, to business that is not related to science and education.
