ILO to Occupy corners at DLSU Library

by: Joseph Yap, MEC Librarian

The De La Salle University Library and the International Labour Organization (ILO) country office in Manila will soon embark on a new partnership—to put up DLSU–ILO Knowledge Corners.

The signing of the Memorandum of Agreement is tentatively scheduled in January 2011 at DLSU. ILO has granted two knowledge corners for DLSU. The first is to be located at the Information Reference Service (2nd level) of the

University Library and the second corner will be installed at the Makati Extension Campus (MEC) Library (5th level) of RCBC Plaza, Makati.

The objective of the collaboration is to effectively disseminate labor information published by the ILO through information exchange and knowledge sharing.

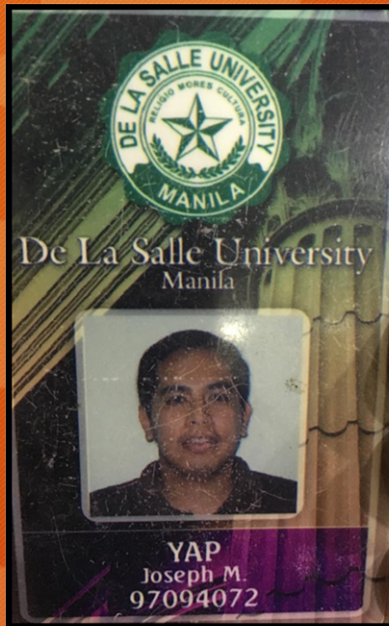

This partnership includes various activities and services like ILO orientation and knowledge-sharing sessions and participation in different events and activities, including conferences, book

fairs, special exhibitions, and video showings as agreed by both parties.

As a start, two boxes of materials were sent by ILO to DLSU Library on December 14, 2010. The Library will immediately process these materials and make them available in time for MOA signing.

Other ILO Knowledge Corners can be found at the University of the Philippines – School of Labor and Industrial Relations (SOLAIR) and at the Asian Institute of Management (AIM).
